Racewood Training Centre Coach Training

Racewood simulators are complex training aids. To be used effectively they should be operated by an experienced coach. Getting the best from the product requires the user to learn a multitude of different features and modes within the software.

Racewood's trained coaches are experienced in teaching both real horses and using the simulator and will work with you in several key areas ensuring you feel confident from day 1 using and teaching with your simulator.

- General operation of the simulators, switch on and off and sensor checks
- Demonstrate the full use of all the sensors and their benefit to teaching methods
- Demonstrate the full capabilities of the dressage mode including instruction and arena mode.
- Demonstrate the full capabilities of the jumping modes including instruction and arena mode.
- Advanced use of simulator software.
- Additional ways to use the simulator.

1 day training at our training centre 9-4pm

£100 +VAT

The price includes 2 hours additional time for simulator familiarisation the following week (weekdays only). This provides you with the opportunity to get to know the simulator in your own time with a Racewood instructor on site to answer any questions you may have.

Please contact lottie@racewood.com for more information or to book your training.
